

Public Statement of Meeting

The Board of Barrhill Community Interest Company held a meeting on 30th August 2011.

The following were discussed and actions agreed:

1. The Climate Challenge project is now almost fully completed and Dave Holtom has produced a report. A vote of thanks goes to Dave for his hard work and efforts on this project. Any unspent funds will be returned to the Benefit Funds.
2. Plans and Surveys are taking place with regard to the Car Park adjacent to the hall. A public meeting is planned to allow Barrhill residents the opportunity to look at the plans and make any comments prior to any work commencing.
3. Barrhill CIC are trying to ascertain ownership / lease arrangements on both the Garden project area on Main Street and Amsheen Park to provide public spaces within Barrhill. Progress will be reported to the community as it happens.
4. It has been noted that the toilets in Barrhill have a lot of use from visitors. One user was so impressed by the standards that they left a note of thanks and flowers for Maureen. Barrhill CIC will look into the South Ayrshire Comfort Scheme to see if Barrhill qualifies for more funding as the toilets are so well used.
