

## **Public Statement of Meeting – March 2012**

### **Car Park**

Funding is now being sought to pay for the Car Park plans. This will take several months but it is hoped that work will start before the end of the year.

### **Barrhill Bus Trips**

Bus trips continue to be popular with trips both south and north being planned. Anyone wishing to join in should contact any of the directors or check the notice boards for details of trips planned.

### **Barrhill CIC**

The CIC is working hard on projects such as paths, gardens and play areas to ensure that the residents of Barrhill retain their public areas and have access to the wider countryside around the village. There will be quite a lot of work required in getting the path through Lennie Wood up and running and any local volunteers would be welcome. Please contact Louba Hodgkinson if you have any time you can spare to this project.
