

## **Public Statement of Meeting - May 2012**

### **Car Park**

Funding applications are being submitted. This will take some time, but will allow the BCIC to take advantage of getting up to 75% funds from elsewhere, saving local funds where possible.

### **Barrhill CIC Review with Scottish Power Renewables**

The board met with SPR – Steven Lindsay, to outline some of the project activity to date and community benefit fund spend and project approvals

Steven was impressed with the level of proposed projects and was keen to see them come to fruition. There will be continuing review, with quarterly reports to Scottish Power Renewables along with press coverage of project activity and progress

Steven approved the applications process that is in place and agreed to the proposed Asset Lock looks forward to members approval via an EGM to be convened in the near future.

### **Activities for Young People – Summer 2012**

The summer holidays start at the end of June and the BCIC are looking at providing some activities for local young people during the holiday period. This may be activity based or provision of transport to other summer activities. A full programme will be announced soon.

### **Bus Trips**

Is there anywhere you would like to go on a summer day out?

Please contact directors of the BCIC if you have any ideas for future mini bus trips.

### **Paths**

Work has started to develop path networks around Barrhill. There will be a path through Lennie Wood to access Mark Hill Windfarm and other paths may be developed to encourage access onto the Arecleoch site.
